

TECHNICAL DATA SHEET

PRODUCT : EDGE PROTECTOR
REF. NO. : RV-ARC-02

DOC. NO. : RV/TDS/ARC/02

ISSUE : 01-19

REVISION : 01

DATE : 13-03-2020

Physical Parameters	General		■ Angle shaped edge protector. ■ Made up of stainless steel, use as an accessory for rope. ■ Protect the rope from abrasion cause by edges. ■ The edge ring-guides on the angle of the edge-protector keep different rope anchor lines from getting entangled over the edge.
		Weight	570.0gm $\pm$ 20gm
Metallic Assembly		Material	Stainless steel
		Finish	Polished
		Breaking Strength	23 kN (min.)
